Trainings & Certifications ISTQB®

Software quality assurance certifications, recognized in more than 120 countries.

ISTQB Gold Partner
International Software Testing Qualifications Board

ISTQB Accredited Training Provider

ONELITY

Trainings & Certifications PSM-I

Who is this program for?

Practitioners, Scrum Masters, Agile/Scrum Coaches and anyone involved in product delivery using Scrum.

Course Learning Objectives: Understand the theory and principles behind Scrum and empiricism, deliver value to your organization and learn the skills, traits & behavior shifts required to be a Scrum Master.

Study Load: The assessment is difficult: We strive to ensure that the assesments remain valuable and relevant through frequent inspection and adaptation of the assessment content.

2. Professional Scrum Master PSM-I:
Become the Scrum Master you always wanted.

ONELITY

Trainings & Certifications Kubernetes

3. Kubernetes: Bridging the gap between software developers and operations teams.

Application Developer CKAD	**Certifies that users can design, build, configure, and expose cloud native applications for Kubernetes.**
Administrator CKA	**Allows users to demonstrate their competence in a hands-on, command-line environment.**
Security Specialist CKS	**Provides assurance that a CKS has the skills & the knowledge for securing container-based applications and Kubernetes platforms during build, deployment and runtime.**
